Miscellaneous Information

Hobbies:

I love to go on long motorcycle rides, high adventure activities like zip-lines and scary rollercoaster rides, camping with my wife in our 26' trailer, and being out in nature in the early morning like Larch Mountain (OR).

My Burning Desire:

I learned a Zulu saying that has forever changed my life. It is “Sawubona.” The meaning - “I see you, the whole of you, your experiences, your passions, your pain, your strengths, your weaknesses, and your future. My whole world stops at this moment to focus on you. You are valuable to me.” My burning desire is that people are left with three things as a result of meeting me. I want them to feel as though I saw them, I heard them, and they matter.

Something No One Knows About Me:

I am very active in my faith community throughout the local community and around the world. I have produced resources being used globally, including a bible college in Ethiopia and underground churches in China. Very few know that I was the 1983 Crooked River Ranch Pee-Wee Ping Pong Champion (that’s a mouth full)...and I have the trophy to prove it!

My Key To Success:

I have been blessed with several keys that have provided success throughout my life. The biggest is knowing and sticking to my three driving values: fidelity, family, and freedom. It also helps to be driven and disciplined.

Anything Else?:

I have recently been intrigued by the writings of of the great Stoic philosophers like Marcus Aurelius, Epictetus, and Seneca. My favorite book I have read this year is Be Your Future Self Now by Benjamin Hardy. I am an aspiring keynote speaker in training.
